- Daily cleaning cycle only requires operator to add detergent

SET DIFFERENT TEMPERATURES OF HOT WATER

- Brew black tea, green tea and herbal tea at different temps.
- Dose the perfect cup size of hot water at the push of a button

PERFECT COMBINATION

SWISS ENGINEERING AND ITALIAN DESIGN

The Rancilio Group is comprised of two superior brands, Rancilio and Egro. The coming together of these experienced companies marked a milestone in the espresso machine industry. The Swiss' demand for meticulous mechanical precision and the Italians' passion for impeccable style and performance make for a great partnership. Rancilio and Egro have a long tradition and their produc-

tion of high-quality espresso machines dates back to the nineteen-twenties. After decades of growth and learning, they proudly continue to embrace the challenge of bringing you traditional and fully automatic espresso machines and grinders that are durable, beautiful, and practical to use.
